

CONSTRUCTION Beginning Soon

Construction will begin soon on our drive up area and parking lot in Farmington. During construction, you can continue to use our lobby. While the ATM is out of service, you may use the Bank of Yates City ATM in Farmington free of charge. **Big THANK YOU to Bank of Yates City for accommodating us during this time!**

It is our goal to provide you with GREAT SERVICE. As we implement our ITM's (Interactive Teller Machines) across all drive up lanes, we'd like to get your opinion on whether or not it would be beneficial to extend our drive up hours of operation. Our current hours are: M-F 8am-5pm, Sat 8am-Noon.

Please let us know...

1. Do you currently use our drive up services?
2. Do you need extended drive up hours?
3. If you do need extended hours, which of the following would benefit you most? (mark ALL that apply)

M-TH: 8am-6pm SA: 8am-1pm
 FRI: 8am-6pm SA: 9am-1pm

BUSINESS After Hours

Big Thank You to everyone who attended the Farmington Chamber of Commerce Business After Hours at our Farmington location. We had an excellent turnout and wonderful evening.

Introducing... Card Control

Has your card been lost or stolen? It can be nerve racking worrying about whether or not your credit card company has turned off your card quickly enough for it not to be used. Card Control lets YOU turn "activate / deactivate" your card at any time! Card Control adds added security to your debit card and safeguards your account.

If you have lost your card, simply turn it off! Once you locate it, you can easily turn it back on with full access to using it again.

CONGRATULATIONS Debbie!

Congratulations Debbie Neal! After over 32 years of service with the Bank of Farmington, Debbie is retiring! Thank You Debbie for your dedicated service. We will truly miss you and wish you well as you move toward the next season of life.

ITM Coming to Williamsfield Soon!

We are excited to announce that "EVA" - Interactive Teller Machine will be implemented in our Williamsfield Office location this summer.

EVA is a State of the Art ATM accompanied with the option of a live video feed from one of our familiar tellers to assist you with your transaction. Our video teller guides you through every step of a transaction, and answers questions about accounts, services, and more. 95% of all in branch teller transactions can be conducted through an ITM.
